Food Allergen Policy

Legislation enforced by The Food Standards Agency on the 13th December 2014.

Harwoods of London Limited does not grow, manufacture or process products and are limited to storage and distribution only. We have been working with our suppliers and with the The Food Standards Agency to identify known allergens within our product range. While Harwoods of London Limited does not have any control over produce that we sell on, we are confident of our supplier's high standards and their ability to meet with the new legislative requirements.

As part of our ongoing policy of monitoring supplier performance we will ensure that where allergens have been identified we will advise all clients.

As from 13th December 2014 all daily invoices/delivery notes provided by Harwoods of London Limited will carry the symbol ^ in front of any allergen product supplied and a note of warning will also be located on the document.

If you require any further information or advice please contact www.food.gov.uk/allergy

Alternatively you can contact us by emailing us at info@harwoodsoflondon.com

James Harwood Dew.
